

INTERNSHIP COMPLETION & PERFORMANCE REPORT

Reference Certificate ID: CERT-MTA-2026-PB01 | Issued on 05 August 2026

Intern Name	Priyanshu Barnawal	Internship Role	Product Engineering Intern
Program Name	Startup Internship Program 2026	Work Mode	Remote / Virtual
Duration	6 Weeks	Date of Completion	05 August 2026
Affiliations	Department for Promotion of Industry and Internal Trade (DPIIT) & Ministry of MSME, Govt. of India		

1. EXECUTIVE SUMMARY

This report documents the formal completion and technical contributions of **Priyanshu Barnawal** during his tenure as a **Product Engineering Intern** at **MarTechAdda** under the Startup Internship Program 2026. Over the course of the 6-week remote engagement, Priyanshu successfully collaborated with the product engineering division, actively contributing to core software development, front-end architecture, user experience improvements, and iterative feature rollouts.

2. KEY RESPONSIBILITIES & WORK ACCOMPLISHED

- Front-End Engineering:** Built and structured modern, responsive web interfaces ensuring cross-device compatibility, performance optimization, and adherence to clean coding standards.
- Product Development & Lifecycle:** Participated in end-to-end product development initiatives, collaborating on architecture planning, modular component building, and code integration.
- UI/UX Enhancements:** Optimized workflows and UI layouts to enhance user retention, navigational ease, and visual accessibility across key platform features.
- Feature Implementation & Maintenance:** Developed and tested production-ready features, executed systematic debugging, and resolved critical functional defects during delivery cycles.

3. COMPETENCY & DOMAIN ASSESSMENT

DOMAIN	CORE AREAS COVERED	EVALUATION
Front-End Development	Component architecture, responsive web design, layout implementation	Excellent
UI / UX Optimization	Interface redesign, usability enhancements, accessibility standards	Very Good

DOMAIN	CORE AREAS COVERED	EVALUATION
Software Engineering	Code modularity, feature deployment, testing and debugging	Excellent
Remote Collaboration	Asynchronous sprint execution, milestone delivery, team communication	Outstanding

4. PROFESSIONAL CONDUCT & CONCLUSION

Throughout the 6-week internship period, Priyanshu Barnawal demonstrated high technical aptitude, problem-solving capability, and consistent dedication to product development objectives. His contributions have added meaningful value to the platform's technical deliverables.
